

New & Improved Patented Cell Design

The ActivePure® Technology built into each Air Scrubber Advanced by Aerus is based on a variation of the technology originally developed for use on the International Space Station and is recognized as the exclusive Certified Space Technology™ in its category.

Quality of Life Home Improvement Questionnaire

If you answer: YES to one or any of these questions, installing the Air Scrubber Advanced by Aerus® in your home could improve your quality of life.

Does anyone in your family suffer from allergy symptoms?	<input type="checkbox"/> YES	<input type="checkbox"/> NO
Do you ever smell cooking odors, pet odors, smoking odors or musty smells in your home?	<input type="checkbox"/> YES	<input type="checkbox"/> NO
Would you like to reduce dust, mold, pet dander, or pollen in your home?	<input type="checkbox"/> YES	<input type="checkbox"/> NO
Is there anyone in your house that can't afford to get sick?	<input type="checkbox"/> YES	<input type="checkbox"/> NO
Would you like to reduce over 99% of harmful contaminants on surfaces such as kitchen counter tops and bathrooms?	<input type="checkbox"/> YES	<input type="checkbox"/> NO

AIR SCRUBBER ADVANCED  
BY AERUS  
WITH CERTIFIED SPACE TECHNOLOGY™

Protect the Things You Care About

Air Scrubber Advanced by Aerus attaches directly to the HVAC system ductwork to reduce viruses, bacteria, and other contaminants in the ambient air and on surfaces in businesses and homes up to 2,000 sq. ft.

ACTIVEPURE® TECHNOLOGY

Helps create a cleaner, healthier living environment at home, at work, and beyond

PROTECTS 24/7

Our proprietary ActivePure Technology works to continuously clean and protect surfaces and air 24 hours a day

SAFE FOR EVERYONE

ActivePure is safe for both humans and pets and is used every day in homes across the world

Hall of Fame Inductee

Proudly Designed, Developed  
and Engineered in the USA.

# The Highest Standard of Protection

## Disinfect

### REDUCE CONTAMINANTS

Do you worry about what is being brought into your home or business? Contaminants follow us on our hands, clothes and shoes and land on doorknobs, counter-tops and floors. Air Scrubber Advanced by Aerus contains ActivePure® Technology, proven to reduce over 99.9% of all surface contaminants. Additionally, this breakthrough technology scrubs, purifies and cleans the air you breathe by reducing approximately 99.9% of airborne contaminants.

## Purify

### REDUCE IRRITATING PARTICLES

Dust, mold, pollen or many of the other pollutants can cause irritation and allergy symptoms. These contaminants can be reduced with the Air Scrubber Advanced by Aerus®. ActivePure® Technology uses specialized light waves along with a proprietary catalytic process that creates scrubbing molecules of oxygen and hydrogen which purify the air around you and reduce irritating particles that can irritate allergy symptoms.

## Deodorize

### BANISH LINGERING ODORS

There's not much you can do to prevent some of life's odors, but now there's something you can do about them. Working through your heating and air conditioning unit, the Air Scrubber Advanced by Aerus® is a unique photocatalytic device that will significantly reduce dust, pet dander and odors in your living environment. You will be able to reduce common smells such as garbage, pet odors, cigarette smoke, paint and the musty smell from mold and mildew.

## Protect

### EXTEND THE LIFE OF YOUR HVAC SYSTEM

Air Scrubber Advanced by Aerus® extends the life of your existing heating and air conditioning system by improving the efficiency of your HVAC system's return air filter. Preventing dust and debris from bypassing the filter and damaging the coils and blower, keep your system running effectively. A protected HVAC system can last longer, save you money on your utility bill and reduce the need for expensive service calls.

## Quick Facts:

- Provides continuous surface decontamination and air purification in real time
- Protects your heating and cooling system from potentially dangerous buildup
- Our proprietary ActivePure Technology uses high-intensity UVC light and a catalytic process to produce scrubber ions and hydro-peroxides that inactivate contaminants on surfaces and in the air
  - Advanced ActivePure® Technology continuously protects and purifies the environment around you
  - Installed by a professional directly into the existing HVAC system ductwork

- Requires only 17 watts of electricity

- Complies with all Federal EPA, FDA & OSHA regulations including the California Air Resource Board Regulations

## ActivePure® TECHNOLOGY

Proven effective in homes, businesses, schools, public facilities, healthcare facilities, athletic facilities, hotels, meeting spaces, worship centers and more

- Air Scrubber Advanced by Aerus, Model A1013T CARB Certified (ozone free)

- Proudly Designed, Developed and Engineered In the U.S.A.

# Certified Space Technology to Protect You 24/7

## WHAT IS ACTIVEPURE®

- Our proprietary ActivePure® Technology uses light waves and a catalytic process to produce super oxide molecules and hydro-peroxides that inactivates contaminants on surfaces and in the air
- Advanced ActivePure® Technology continuously protects and purifies the environment around you
- Said to be the most powerful surface and air purification technology ever discovered

## HOW CAN IT HELP YOU?

- Works 24/7 to protect from surface and air contaminants
- Reduces allergy + asthma triggering particles
- Disinfects surfaces and air, reduces odors
- Protects from itchy eyes + stuffy noses
- Reduces harmful gases, smoke and odors

The Certified Space Technology logo is licensed to Aerus by the Space Foundation for use of Air Scrubber Advanced by Aerus® purification products. The Space Foundation recognizes products whose origins come directly from technology or resources derived from the space programs.

ActivePure is the same technology that was **proven to reduce over 99.9% of the airborne SARS-CoV-2 virus within 3 minutes and on surfaces within 7 hours.**

## NOTABLE ACTIVEPURE FACTS

- Primary technology in an FDA-Cleared Class II Medical Device
- Inducted into the Space Technology Hall of Fame in 2017 and is the only Certified Space Technology product in its class
- Ongoing 2-year double-blind study with the Cleveland Clinic
- Used by US Professional Sports Teams and athletes

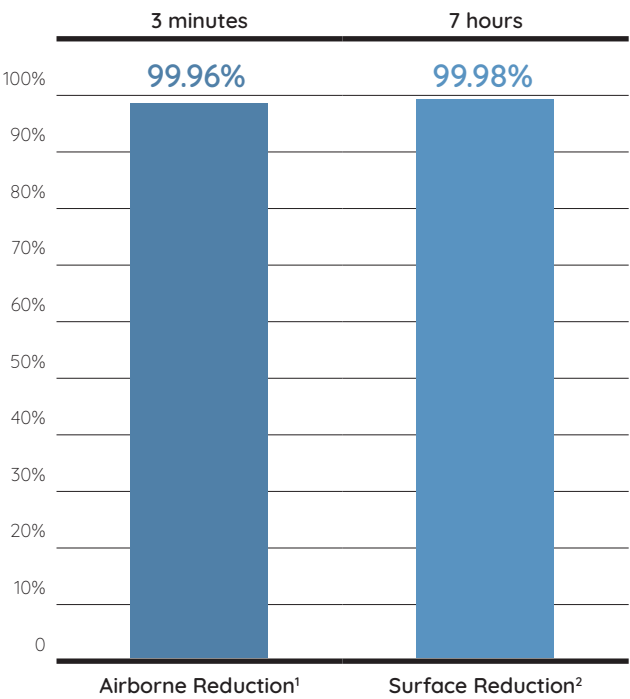

## PROOF IT WORKS

In extensive independent lab testing, ActivePure has been proven to significantly reduce the following contaminants and pathogens:

- |                          |                               |
|--------------------------|-------------------------------|
| • Aspergillus Niger      | • Listeria Monocytogenes      |
| • Avian Flu              | • MRSA                        |
| • Bacillus Globigii      | • MS2 Bacteriophage RNA Virus |
| • Clostridium Difficile  | • Murine Norovirus            |
| • Candida Albicans       | • Phi-X 174 DNA Virus         |
| • E. Coli                | • Pseudomonas spp.            |
| • Hepatitis A            | • SARS-Cov-2 Coronavirus      |
| • Legionella Pneumophila | • Smoke                       |

## SARS-COV-2 VIRUS REDUCTION

Airborne Pure & Clean and Surface Hydroxyl Blaster Test Results with ActivePure Technology

1. Testing done at UTMB BSL Level 3 Lab with assistance from BSL Level 4 Lab, complying with FDA protocols in an FDA-compliant lab

2. Testing done at MRIGlobal, an FDA-compliant lab, using FDA protocols
